

A Letter From the Board President

Hi, I'm Lori Masnari. I'm so excited to be a part of this new website and being a part of such an energetic and motivated lake board. We are all working hard and spending a lot of time in creating ways to make our lake an enjoyable experience and a safe environment for the young and old.

We felt that it was time to stop printing the yearly newsletter and use that money to hire Chris Beukema to be our captain of creating our website. Communication was the hot topic on everyone's agenda. We also took into concern our neighbors that do not have access to get on our website. Our road rep's will be going around and asking association members if they'd like a "What's Happening On Our Lake" letter, listing dates of events.

Next we spent time focusing on building up our association membership. We're so grateful road rep's Christy Linn and Myra Balch volunteered to head up new activities/events for members to partake in. Their nickname is the "FUN" committee. Please, email them with any activities/events you'd like to suggest. They'd love hearing from you.

I'll end with sharing with you, this is my second time as President. I first served in 2003 through 2009. We bought our home on Spence Road in April of 1999. Once you have a water view with nature right outside your window, it's hard to imagine living anywhere else. Your neighbors become your extended family and you realize how blessed you truly are.

I'm committed to lead this awesome group of volunteers and now that I'm soon to retire from my full time job, I can't wait to finally have that cup of morning coffee out on the deck and know I have no other place to go, but sit, relax and be thankful.

If you're new to the lake or been here for years, we'd love to have you become a member of our association family.

Happy Sailing - Lori
